Libby Prison Diarrhoea Relieved. Mr. Edward E. Henry, with the United States Express Co., Chicago, writes: "Our general superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colie, Cholera and Diarrhoea Remedy some time ago to check an attack of the old Libby prison diarrhoea. I have used it since that time and cured many on our trains who have been sick. I am an old soldier, who served with Rutherford B. Hayes and William Me-Kinley four years in the 23rd Ohio regiment, and have no ailment except Libby Prison diarrhoea, which this remedy stops at once." For sale by all druggists.

There is only one way. It must have help. Don't expect it to do work it can't do. That is unreasonable. Help restore its abilty to act for itself. It soon puts it in condition to do its work unaided. When that condition is reached-

You don't need digesters.

You don't need Kodol.

But while you do need help let Kodol do it for you. Then note the physical improvement that only comes with perfect digestion. And perfect digestion supplies sufficient nourishment.

Kodol is not a cure-Nature alone cures. But Kodol assists the stomach by doing part of its work. Then nature completes its cure. A little help from Kodol makes the burden lighter and

There are tonic properties in Kodol that cause the stomach and whole system to respond. That is what you want. That's what you get in Kodol. Lack of nourishment is not generally caused by

lack of food. It is because you don't assimilate what you eat and because it don't digest. Kat good food and all you want

Don't avoid this nor that because it dosen't agree with you. That only shows the stomach needs help. If your appetite craves certain things your system requires them.

Here is where Kodol benefits you.

It not only digests the food you have eaten, but tones up and puts the stomach back to a healthy and normal condition.

As long as part of the food remains undigested, the stomach is not at rest. All food must be digested. Only part means that the stomach must go on working at an impossible

Some things are a partial help and do part of the work. But that is not enough. The part they do is not the most essential part. Just what they fall to accomplish is what is most required by the body. Part way will not do. "Part way" will never take you to a journey's end. All or none should be the demand.

That is why Kodol is so successful.

It digests all food as quickly as a healthy stomach will do it.

If it fails it costs you nothing. Fairness cannot go further.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has not done you any good return the bottle to the druggist and he will refund your money. We will then repay the druggist. This offer applies to the large bottle and to but one in a family.

The dollar bottle contains 2% times as much as the fifty cent bottle. Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.
